

COMPANY OVERVIEW

The **Security**
You Need.
The **Compliance**
to Succeed.

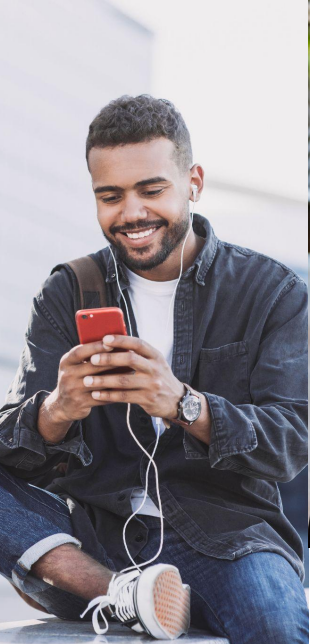

Our Mission

At BARR, we empower organizations to build **trust** by establishing, managing, and auditing cybersecurity and compliance programs.

About Us

Who We Are

At BARR, we empower organizations to create trust. We help protect the world's data, people, and information networks through a human-first approach to cybersecurity and compliance.

Who We Serve

BARR specializes in cybersecurity and compliance for organizations with high-value data that serve regulated industries such as healthcare, financial services, and government.

How We Do It

By providing unparalleled service and focusing on security first, we take a comprehensive approach for every client we serve.

The **Value** We Bring

WE CARE

As your security partner, we take the time to listen and understand so you can achieve lasting cyber resilience.

WE KEEP IT SIMPLE

We take the complexity out of compliance without compromising quality.

WE'RE APPROACHABLE

Our expertise is matched only by our accessibility.

BARR's History

Founded by Brad Thies as Barr Advisory & Assurance Inc., a remote-first company

BARR serves on industry task force committees that provide **AICPA guidance on SOC examination reporting**

First annual Day of Giving with employees volunteering in their communities all across the U.S.

Designated a HITRUST Authorized Assessor, BARR is listed as one of KC Business Journal's **fastest growing companies**

BARR was featured as **one of the Best Compliance Solutions** by CyberNews and **8th fastest-growing business** in Kansas City by Ingram's magazine

BARR is accredited as a **PCI DSS QSA**, and continues to perform **thousands** of engagements with a **world-class NPS of 91**

Companies that choose BARR for **SOC compliance** accelerate their innovation and business growth

Through SOC 2 compliance, Airtable was able to accelerate innovation and speed to market, launching 5 new product updates for their users.

Once completing a SOC 2, Remix was acquired by Via and now provides an end-to-end digital infrastructure for powering public mobility.

Armed with a SOC 2, RFP360 saw a 90% drop in security requests and reduced the time and energy spent throughout the auditing process.

Securiti achieved SOC 2 compliance and was named a "Top 25 Machine Learning Startup to Watch in 2021" by Forbes magazine.

After securing a SOC 2, Tessian tripled their Fortune 500 customer base and recently raised a \$65m Series C led by March Capital.

Companies that choose BARR for **accelerate their innovation and business growth**

BARR's vCISO Advisory practice helped Ceros to close deals, increase annual revenue, and reduce the length of sales cycles.

After becoming HITRUST certified, RxSense was recognized by Healthcare Business Review as a top digital transformation solution provider.

Since partnering with BARR, Drata has expanded its services to include ISO 27001 and became the #1 Highest Rated Cloud Compliance Software on G2.

Our Cybersecurity Consulting Experience

BARR helped cloud-based experiential platforms, like **Ceros**, **close deals**, **increase annual recurring revenue**, and **reduce the length of sales cycles**.

“BARR knows security best practices, which was really helpful going through the audit process. Being able to look at issues through the **eyes of an auditor** and having the ability to make impactful adjustments to meet controls is something we needed.”

— *Ceros, Cybersecurity Consulting Client*

”

We continue to have fantastic experiences with BARR and their team of professionals. It is clear that C2FO remains in great hands. BARR's team is filled with experts who uphold unwavering commitment to excellence and customer satisfaction. They are not just another vendor; they are a partner who genuinely cares about delivering the best possible results.

SOC and ISO 27001 Compliance

”

This was by far the smoothest and most positive experience I've had working with an auditor.

MOLECULAR[®]
TESTING LABS

HITRUST Compliance

”

The team's expertise, dedication, and personalised approach significantly eased the audit process for us. Their ability to translate complex audit requirements into understandable and actionable steps was particularly valuable. BARR's support has not only helped us achieve our SOC 2 certification, but also strengthened our overall security posture.

SOC 2 Compliance

The BARR team is wonderful to work with. Their insights have been instrumental in helping us strength our controls and better leverage and demonstrate our security posture.

SOC, HIPAA, and DFARS Compliance

Delivering **Client Success**

“BARR is not our auditor. They are our security partner.”

veer

“We were particularly impressed by the team's ability to communicate complex technical concepts in a clear and concise manner. We always felt like true partners in the audit, not simply subjects of an evaluation.”

 **SURG
LOGS**

“We are truly impressed with BARR’s commitment to timelines, and the team’s responsiveness. What was anticipated to be a complicated process turned out to be smoother than we expected.”

 **userpilot**
